

The launch of another 7!

Originally, there were the

Seven Wonders of the Ancient World.

People were in awe. But as time had its way and creativity continued to flow, this gave way to the

Seven Wonders of the Modern World.

But that was not quite enough for everyone and once again, as time had its way and creativity continued to flow forth at a faster and more prolific rate than ever before, the **Six Wonders of the Musical World** were made manifest; arising auspiciously from the foundation of the old.

These six undisputed Music **A** 1 Wonders, of course, **A** re:

1. Drop Top
2. Drop Top Classic
3. The Classic
4. Hollow T Classic
5. Cobra

6. Crowdster

But where was the **Seventh wonder**? Such an omission could easily throw things out of balance, as everyone knows all wonders are based on the number **Seven**.

Once again Anderson Guitarworks restores balance to the ancient (vintage) and modern musical world with the re-introduction of its 7th Wonder—the time-honored **Drop Top 7** and **Pro Am 7**—for a very limited time only.

For the many **Seven** String Players on this beautiful planet, this could be your one and only time to get the **Anderson 7** you have always wanted.

It will be offered as two models:

- **Drop Top 7**
 - S-shaped, Gorgeous Maple or Koa topped body.
- **Pro Am 7**
 - S-shaped, solid tone-wood body—same great playability and beautiful tonality in a more affordable package, so no one needs to be left out.

Below are the available options for these two unparalleled instruments. Contact your Anderson dealer or the Anderson Guitarworks Factory, where we would be happy to profile you as a player and design a **7** just for you.
